Memorandum

TO : The Files

DATE: 22 January 1963

FROM : [REDACTED] 25X1A9a

SUBJECT: Trip Report - Fuel Cell Development with
[REDACTED]

25X1A5a1
25X1A5a1

1. On 16 January 1963, Mr. [REDACTED] visited [REDACTED], to discuss the Hydrogen Oxygen fuel cell proposal submitted to the Agency in 1962.

25X1A9a
25X1A5a1

2. Arrangements were made for the proposal to be resubmitted with an estimate of the cost for the development of such a fuel cell.

3. [REDACTED] is presently building large HO fuel cells for JPL. From what I could gather, they were to make 200 such units.
